To avoid risks to man and the environment, comply with the instructions for use.

DIRECTIONS FOR USE

Apply using any conventional manual or power sprayer equipped to produce a coarse spray. Add the appropriate volume of Alfasect to the required volume of clean water and agitate. Apply to surfaces frequented by pests, especially cracks, crevices and behind furnishings and equipment.

Flying insects: Apply to surfaces where insects settle.

Cockroaches and other crawling insects: Spray around service ducts, behind and under fittings and equipment. If insects are entering from outside, spray barrier strips 10 cm wide at doors, windows etc.

Litter beetles (lesser mealworm): Apply as a routine treatment after clean-out and before each new crop. Spray all vertical surfaces, e. g. walls, dividers and posts, and ensure an overlap on to ceilings. It is not necessary to treat the floor.

Red mite: Apply at the normal rate at the beginning of the crop cycle before the birds enter the house. Spray the entire surfaces of cages, nest boxes, percherries and floors where appropriate. Pay particular attention to corners, cracks and crevices which may harbour mites. Do not re-enter in treated premises before 12 hours after application.

USE PRECAUTIONS

USE ONLY AS DESCRIBED ON LABEL. Avoid excessive contamination of coveralls. DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. This material and its container must be disposed of in a safe way. Do not empty into drains. REMOVE OR COVER ALL FISH TANKS AND BOWLS before application. DO NOT APPLY DIRECTLY TO LIVESTOCK AND POULTRY. EXCLUDE ALL PERSONS AND ANIMALS DURING TREATMENT. COVER ALL WATER STORAGE TANKS before application. ALL BATS ARE PROTECTED UNDER THE WILDLIFE AND COUNTRYSIDE ACT 1981. BEFORE TREATING ANY STRUCTURE USED BY BATS, CONSULT NATURAL ENGLAND, SCOTTISH NATURAL HERITAGE OR THE COUNTRYSIDE COUNCIL FOR WALES. HAZARDOUS TO BEES. DO NOT USE ON BEEHIVES OR BEEKEEPING EQUIPMENT. FOR INDOOR USE ONLY. WASH HANDS AND EXPOSED SKIN before meals and after use. Keep out of reach of children. Keep away from food drink and animal feeding stuffs. COLLECT EGGS AND REMOVE FEED, EXPOSED WATER AND MILK BEFORE APPLICATION. Wear personal protection equipment. Wash contaminated clothing before reuse. Avoid contact with skin and eyes, inhalation of vapours and mists. Unprotected persons and animals should be kept away from treated areas until surfaces are dry.

FIRST AID

If you feel unwell, seek medical advice (show the label where possible). In case of accidental contact with eyes, immediately flush eyes thoroughly with water for at least 15 minutes. After contact with skin, wash with plenty of soap and water. After inhalation, remove to fresh air and keep at rest in a position comfortable for breathing. If swallowed, seek medical advice immediately and show this container or label, rinse mouth, drink plenty of water. Harmful if swallowed. Use insecticides with precaution. Before use, read the label.

Respect the uses, doses, conditions and precautions on the packaging which have been determined based on product characteristics and applications for which it is recommended. The treatment should be performed according to good practice taking into account materials used, application conditions, product mix, etc. The manufacturer guarantees the quality of its products sold in their original packaging.
