

# DEADLINE®

## INSECTABAN RESIDUAL INSECT EMULSION

Insecticide with a long lasting residual activity for the control of flies and crawling insects (including cockroaches, fleas, ants, earwigs, silverfish and other bristle tails, beetles and booklice). 500ml e

Insectaban Residual Insect Emulsion breaks down in sunlight within a few days, but resists in dark areas for several months.  
Allows long-term control and minimises exposure to non-target species.

For use in premises such as hotels, hospitals (not occupied wards), offices, schools, kitchens and food related areas, domestic situations (kitchens and other rooms) and on mattresses. May also be used outdoors in dustbins and on refuse tips.

### DIRECTIONS FOR USE:

Insectaban Residual Insect Emulsion may be applied on hard (porous and non-porous) surfaces, and on hard and soft furnishings. Apply using any conventional manual or power sprayer equipped to produce a coarse spray. Shake the bottle, then add the emulsion to the appropriate volume of clean water and mix thoroughly before spraying. If a delay occurs between treatments, re-agitate before use. Apply only as a coarse spray at low pressure, until just before run-off, using 1 litre per 20 square metres, to surfaces frequented by pests, especially cracks, crevices and behind furnishings and equipment. For treating mattresses, a dilution rate of 15 ml per litre should be used at a reduced spray rate of 1 litre per 25 square metres.

**Active Ingredient:** d-Phenothrin 10.00% w/w

**STATUTORY CONDITIONS OF APPROVAL RELATING TO USE:**

FOR USE ONLY AS AN INSECTICIDE. FOR USE ONLY BY PROFESSIONAL OPERATORS.

Application rate: For standard use: dilute 15 ml of product with 1 litre of water, then apply 1 litre of diluted product per 20 square metres of surface. For use on highly porous surfaces, dilute up to 60ml of product per 1 litre of water then apply 1 litre of diluted product per 20 square metres of surface. For use on mattresses: dilute 15ml of product with 1 litre of water, then apply 1 litre of diluted product per 25 square metres of mattress. Users must comply in full with all their legal responsibilities under The Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval

**READ ALL PRECAUTIONS BEFORE USE****HSE 9656****PRECAUTIONS:****PCS 97463**
